

Our family appreciates having K-Love on 24/7 in our home/car or just about anywhere. It's nice to have a radio station that you don't have to worry about dis-colored language or dirty jokes or sex related things, especially when you have children around you. It's nice to have a radio station that has great music that supports our belief in God. This radio station is 100% positive encouragment and if all the world would listen to it, there would be more nice people around. I would hate to see this station go away and be replace by "trashy slut radio" as we already have enough of that in the world. We love K-Love!
